

Really, Truly, Children!! Santa Claus Is Coming in His Airship

NO, this Santa Claus is not a myth, but a real, live, sure-enough Santa Claus, in a great big, real, sure-enough airship—hydroaeroplane, to be scientifically correct—that not only sails in the air high above the housetops, but floats on the water as gracefully as a great big swan.

Santa will make his Washington headquarters at BERBERICH'S, where the children can meet him. But you want to see him come in his AIRSHIP. We're expecting a wireless any day, telling just when the old fellow intends to arrive, and you can depend upon our letting all Washington know just where and when to expect him, so that not one person in all Washington need miss seeing exactly how Santa of the twentieth century takes advantage of the most modern method of travel via an airship.

FREE TICKETS TO POLI'S

Santa has already notified us that he has arranged with his good friend POLI to bring along with him five hundred (500) TICKETS to POLI'S Theater, good during Christmas week, which he will distribute FREE among those who greet him upon his arrival in Washington.

TOMORROW Monday, December, 14th And As Long As They Last

BERBERICH'S WILL GIVE AWAY

1,000 BUSTER BROWN WATCHES

With

Buster Brown Shoes

For Girls and Boys

Santa Claus sent us these watches with the compliments of The Brown Shoe Company, manufacturers of BUSTER BROWN Shoes. Implicit instructions were given to the effect that these FREE watches were to be Christmas gifts to wearers of BUSTER BROWN Shoes only.

These watches are regulation size and nickel plated to closely resemble silver. They are stem-wind and stem-set—handsome to look upon and excellent timekeepers. We've one still running in our store that The Brown Shoe Company gave us two years ago. Each one is guaranteed for one year, just the same as though you paid the usual price for such a fine timepiece.

Your boy or girl will be just as proud of their BUSTER BROWN Shoes as they possibly can be of their first real watch that keeps just as good time as "dad's." Children appreciate the "nifty" appearance of BUSTER BROWN Shoes—enjoy their "comfy" feel, for there is room for all five toes and a little more "breathing space" in every BUSTER BROWN shoe.

Parents are equally appreciative of the longer wearing qualities of BUSTER BROWN Shoes. Each pair is backed by a satisfactory service guarantee by the House of BERBERICH, just as this old, reliable establishment guarantees every pair of Men's and Women's Shoes they sell—and children, you know, are much harder on shoes than their elders.

Buster Brown Girls' Shoes Regular Cut.
